### What is council tax and how is it used?

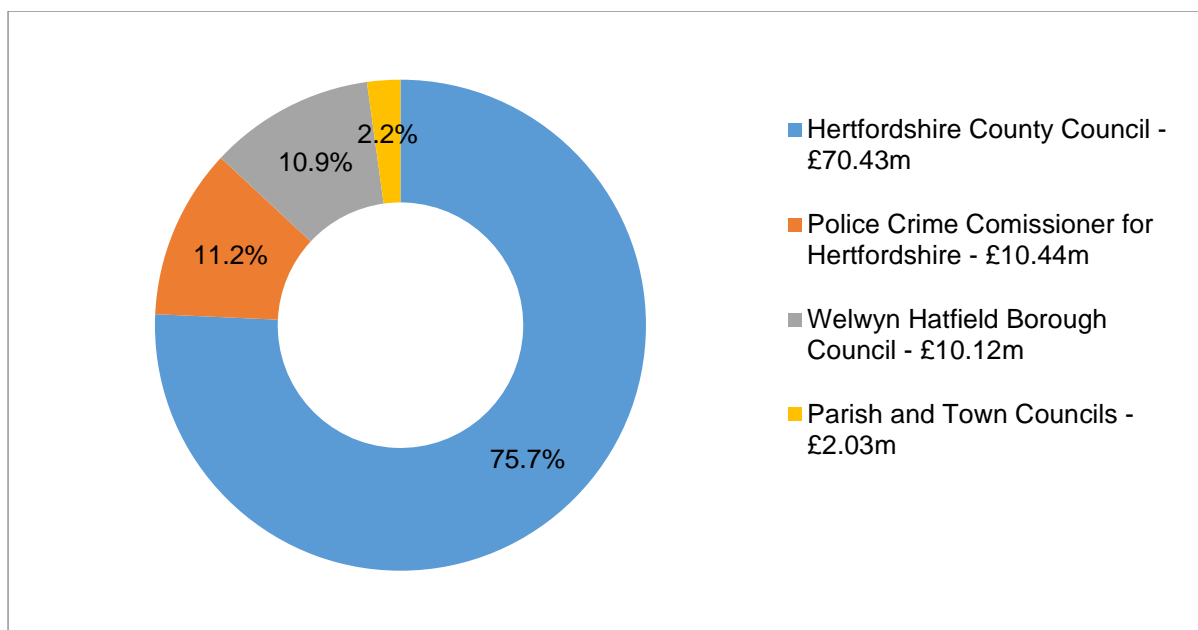

#### Council tax

Council tax is a tax on domestic property collected by the borough council on behalf of all preceptors in the area.

Your council tax bill shows the amount of money you will pay towards local services in 2023/24.

#### How is it used?

Although the borough council collects your council tax, we only keep about 10.9p from every pound. The rest is divided between other public bodies that deliver services.

## How we calculate what you pay

### Council tax bands

Council tax payment bands are calculated based on the value of your property in 1991. There are eight valuation bands:

Band	Property value (£)	Band	Property value (£)
A	40,000	E	88,001-120,000
B	40,001-52,000	F	120,000-160,000
C	52,001-68,000	G	160,001-320,000
D	68,001-88,000	H	Exceeding 320,000

The table below shows the council tax payable for each band for 2023/24.

If you are a Band D payer, for example, £216.54 will go to Welwyn Hatfield Borough Council, £1,605.63 will go towards services supplied by Hertfordshire County Council and £238.00 will go to the Police and Crime Commissioner for Hertfordshire

Band	Welwyn Hatfield Borough Council	Hertfordshire County Council	Police and Crime Commissioner for Herts
	£ per year	£ per year	£ per year
A	144.36	1,070.42	158.67
B	168.42	1,248.82	185.11
C	192.48	1,427.23	211.56
D	216.54	1,605.63	238.00
E	264.66	1,962.44	290.89
F	312.78	2,319.25	343.78
G	360.90	2,676.05	396.67
H	433.08	3,211.26	476.00

If you disagree with the banding of your property, you can appeal against your banding by contacting the Valuation Office Agency (VOA) at [gov.uk/contact-voa](https://www.gov.uk/contact-voa). If you are unable to use the online service, you can also contact the VOA on 03000 501 501.

## Discounts and exemptions

### Council Tax Support

You could get money off your council tax bill if you qualify for council tax support. You can apply for council tax support whether you own your home, rent it, are unemployed or working.

Please note that you **MUST** make an application for council tax support with the Council as the Department for Work and Pensions will not inform us should you claim benefit from them. E.g., Universal Credit. You can apply online [Apply for Housing Benefit – Welwyn Hatfield Borough Council \(welhat.gov.uk\)](https://www.welhat.gov.uk/apply-for-housing-benefit).

If you are on a low income or claiming benefits the amount of reduction you may get depends on: your circumstances (e.g. income, number of children) your household income (e.g. savings, pension, your partner's income) if your children live with you or if other adults live with you. You cannot claim council tax support if you, or you and your partner, have savings and investments of more than £16,000. However, if you are a pensioner with more than £16,000 in savings and you receive Guarantee Credit, you can still claim. Further information on claiming can be found from

[www.welhat.gov.uk/benefit-help/council-tax](https://www.welhat.gov.uk/benefit-help/council-tax) or by contacting the Benefit Team, [benefits@welhat.gov.uk](mailto:benefits@welhat.gov.uk), or on 01707 357000.

## Pension Credit

Pension Credit is:

**Guarantee Credit** – awarded to people over 60 who would otherwise qualify for Income Support.

**Savings Credit** – additional income for pensioners aged 65 and over who have made some provision for their retirement, for example, by having a small private pension and/or some savings.

Entitlement can be to both, or either component separately, depending on the age and income of the claimant and their partner. If you are receiving Guarantee Credit, you may be entitled to 100 % rebate on your council tax. If you receive Savings Credit only, and have under £16,000 in savings, you may still be eligible for some Council Tax Support, depending on your income, savings and the amount of Savings Credit you receive. You may automatically qualify for backdated benefit or support for up to three months if you claim Pension Credit, dependant on your circumstances.

## Income Support or Jobseeker's Allowance (Income Based)

If you are getting Income Support or Jobseekers Allowance (Income Based), you may be entitled to a 75% rebate on your bill. You may qualify for 100% rebate on your bill if you are getting one of the disability benefits or are responsible for the care of a child under five. If you have other adults living with you – for example, grown up children, a non-dependent deduction could also apply for pensioners who are not in receipt of Pension Credit. The amount of benefit you get is normally reduced for each adult as shown below. There is no restriction on the support you can receive based on what band you are in.

## What happens if you're not on Income Support / Jobseeker's Allowance or Guarantee Credit?

The amount of council tax support you get will depend on the following:

### Your capital

If you and your partner have combined savings of £16,000 or more, you will not get any benefit.

### Your income and personal circumstances

We have to compare the money you have coming in, with a figure the Government say you need to live on. For every £1 over that figure, 20p will be taken off your benefit.

## Students

If you live in Halls of Residence you do not pay any council tax. Any property which is occupied only by students is exempt. However, the exemption only applies in cases where all the residents are students who are currently undertaking a full-time course of education at a prescribed educational establishment. In the event that any non-student is present in the property then the exemption does not apply, and liability arises.

Students who are: lone parents; pensioners; disabled; on Income Support or Jobseekers Allowance (Income Based); have a nonstudent partner or are a student couple with dependent children, can also claim benefits or Council Tax Support.

## Second Adult Rebate – for pensioners only

This rebate is not normally available to couples. If you are the only person in your household liable to pay council tax and you have another adult on low income living with you (not your partner or someone paying you rent) you may be entitled to this rebate instead of council tax support.

You can get up to a quarter of your council tax bill paid with a Second Adult Rebate, but the amount of help you get depends on the combined incomes of the adults living with you.

- If all other adults are getting Income Support/ Jobseekers allowance Income based the rebate will be 25%

- If the gross income of all other adults works out to be less than £244.00 a week the rebate will be 15%
- If the gross income of all other adults works out to be between £244.00 - £317.00 a week the rebate will be 7.5%

<b>Non-dependent deductions – CTS (thresholds 2023 -24)</b>	£
Age 18 and over and in remunerative work	
Others aged 18 or over	4.60
Gross income less than £236	4.60
Gross income £236 .00 - £410.00	9.40
Gross income £410.00 – £511.00	11.80
Gross income greater than £511.00	14.15
In receipt of pension credit and not remunerative work, or in receipt of IS/JSA(IB),ESA(IR)	NIL
In receipt of pension Credit and not in remunerative work	NIL

Your benefit will also be reduced if you have other adults living with you who are not on Income Support or Jobseekers Allowance (Income Based). Your income and savings will be added together with your partners to work out your benefit. Other things that may affect your entitlement include your age, how many children you have, or whether you have any disabilities.

You can use [www.welhat.gov.uk/benefit-calculator](http://www.welhat.gov.uk/benefit-calculator) to find out if you may be eligible for support. Further information on council tax support and housing benefit is available online at [Benefits – Welwyn Hatfield Borough Council \(welhat.gov.uk\)](#).

### How and when to claim

If you claim for Income Support or Jobseekers Allowance (Income Based), or Universal Credit you will need to claim Council Tax Support separately. An application can be made on line at [www.welhat.gov.uk/getbenefit](http://www.welhat.gov.uk/getbenefit) or you can contact the Benefit team, [benefits@welhat.gov.uk](mailto:benefits@welhat.gov.uk) for an application form. If you have a partner, you should only make one claim for both of you. **If you know your circumstances are going to change, you can claim up to eight weeks before the change is due to happen.**

### Help and advice

We are here to do what we can to help you. Information on council tax support and housing benefit is available from [www.welhat.gov.uk/benefit/help](http://www.welhat.gov.uk/benefit/help). If you need any help with your council tax support claim, need an application form or some advice about your entitlement, please contact the Benefit Office on [benefits@welhat.gov.uk](mailto:benefits@welhat.gov.uk) or 01707 357000. You can make an appointment to visit the **Council Offices**, The Campus, Welwyn Garden City (8.45am-5.15pm Monday to Thursday and 8.45am-4.45pm Fridays).

### Other discounts and exemptions

**Your council tax bill can also be reduced if you qualify for a discount or exemption. These are given for the status of the dwelling and the adult residents.**

Welwyn Hatfield Borough Council does not award discounts for uninhabitable properties and second homes, and only awards a discount for one month to empty and unfurnished homes, from the date they become empty. This means full council tax will be payable on such properties. In addition to this, a 100 per cent premium will be charged on properties that have been vacant and substantially unfurnished for two or more years. This will increase to 200 per cent for properties that have been empty for 5 or more years and properties that have been empty for 10 or more years will pay a 300 per cent premium.

**Single occupancy dwelling** – the liable person is entitled to a 25% discount if they are the only adult living at the property and using it as their “sole or main” residence.

**Disabled residents** – the liable person will be entitled to a one band reduction from that shown in the valuation list if the relevant criteria are met. With Band A properties the charge will be an amount equal to five ninths of the amount of Band D.

**Personal status discounts** – some people can be disregarded from the calculation of liability, if they meet certain requirements.

The broad categories are shown below:

1. Students
2. Persons in detention, hospital or care homes
3. Religious community members
4. The severely mentally impaired
5. People for whom child benefit is payable
6. Carers
7. School leavers (between 1 May and 1 November in each year)
8. Student nurses, apprentices or young people in training
9. Residents in hostels
10. Members and dependants of visiting armed forces
11. Non-British spouses/dependants of students

**Some properties can be EXEMPT from council tax** for a defined period; others may be exempt according to the circumstances of the person who would normally be resident.

**Unoccupied dwellings** can be exempt from charge when left empty in certain circumstances.

These apply to dwellings:

1. Left empty by prisoners
2. Left empty by those in hospital or care homes
3. Left empty by those receiving or providing care
4. Occupation prohibited by law
5. Empty clergy dwellings
6. Left empty by student owner
7. Dwellings which form an annexe and cannot be let separately

**Occupied dwellings** can be exempted in the following instances:

1. Halls of residence for students
2. Dwellings occupied only by students
3. Armed Forces barracks
4. Dwellings occupied only by the severely mentally impaired

The above information is not exhaustive. You can get more information online at:

[www.welhat.gov.uk/discountsexemptions](http://www.welhat.gov.uk/discountsexemptions) or, should you wish to make an application, please contact the Council Tax Office by emailing [c.tax@welhat.gov.uk](mailto:c.tax@welhat.gov.uk) or by calling 01707 357000.

## Housing Benefit

Housing benefit for people living in social housing is limited to reflect bedroom needs. This is part of the Government's plans to tackle under occupancy in social housing. Benefit will be reduced if the accommodation is larger than the needs of the household (e.g. a couple aged 50 whose children have left home will have their benefit reduced to the one-bedroom rate).

## Universal Credit

Universal Credit replaced the former benefit system and brings together housing benefit for working age people with other welfare benefits and tax credits. The scheme is managed by the Department for Work and Pensions, with claims and change of circumstances being submitted by claimants using an online portal. Universal Credit eligibility rules correspond to the benefit that a claimant would previously have been entitled to and which Universal Credit replaced.

Universal Credit does not apply to every claimant on housing benefit (HB). It applies to single people, couples with two children and families of working age who made a new claim or have a change of circumstances. The definition of 'change of circumstances' covers all changes to Tax Credit, Employment Support Allowance, Job Seekers Allowance and Income Support for HB recipients.

Universal Credit awards are calculated using a prescribed formula which takes into account the individual circumstances of the person making the claim such as housing costs and whether there are children in the household. Universal Credit will be assessed on a household basis, with the income and capital of both members of a couple being taken into account.

The maximum amount may be awarded to all those out of work with no other income. For people in employment, Universal Credit is adjusted depending on the level of earnings received. Universal Credit is paid once a month in arrears and is normally paid into the bank account of one member of the couple.

#### **What benefits are included in Universal Credit?**

The following benefits are included in Universal Credit:

#### **Parish councils**

If you have a parish council in your area, your final bill will include a contribution for them.

For example, council tax bills for Band D properties will vary from £2,071.90 to £2,165.75 depending on where you live, because of the variation in parish and town council precept and special expenses.

## Special expenses

Your council tax bill may have an item called Special Expenses. This covers the separated costs for specific services carried out by the borough council, which are generally carried out by a parish and/or town council. These specific services include the maintenance of playing fields and open spaces, allotments, community halls and children's play areas.

Welwyn Hatfield Borough Council calculates what it spends on these specific services, reduces its general council tax and charges the specific expenditure directly to the council taxpayer where the service has been provided. This reduces the general council tax bill for other residents. For information about all of our services, visit: [www.welhat.gov.uk](http://www.welhat.gov.uk).
