

## **Our Vision**

*"To improve sport and leisure facilities within Hatfield and to increase the number of opportunities available to Hatfield residents to be involved in sport and leisure"*

## **Our Mission**

Provide funding to assist in the delivery and the development of accessible, affordable and quality sport and leisure provision in Hatfield.

Provide appropriate funding to help local organisations inspire residents, improve aspirations, support physical educational and personal development to create a more active and healthier Hatfield population.

## **Our Values**

To enable the delivery of professional, quality, safe and affordable services to the residents and organisations of Hatfield. To recognise and celebrate diversity and to provide opportunities that empower and engage all parts of the Hatfield community.

## Our Strategic Goals

The basis of the Hatfield Community Sport Fund is to promote and develop sport, exercise and wellbeing in the town of Hatfield. It is to encourage Hatfield residents and Hatfield organisations to get more people playing more sport more often. The Fund was up to have a long term positive impact on community sport in Hatfield. The Hatfield Community Sport Fund is committed to providing funding and support to those organisations who:

1. Believe that through sport and/or physical activity they can deliver a positive programme which will serve to promote not only physical benefits in terms of confidence, comradeship and discipline, but also social benefits to the Hatfield community.
2. Get more Hatfield residents playing sport or being involved in physical activity, especially women and girls.
3. Get more young people aged 14-25 playing sport, or participating in physical activity once a week.
4. Reduce the participation drop off at ages 16, 18, 21 and 24 in sports and physical activity.
5. Grow the number of disabled people playing sport and participating in physical activity in Hatfield.
6. Provide long-term, sustainable benefits to sport and physical activity in Hatfield.
7. Encourage participation and engagement in sport and physical activity by other underrepresented groups within Hatfield based on evidence.
8. Understand the importance of getting those currently not participating in any or limited sport and physical activity to get involved.
