Dear Sir or Madam,

### **Parking Survey – Station Road Area, Cuffley**

Parking Services is now commencing a parking consultation in this area.

We would like to give all businesses the opportunity to give feedback on parking within Station Road. On the reverse of this letter is a map showing the current parking restrictions within the road.

A questionnaire is attached – please consider completing this and returning it in the envelope provided. Each form will be collated in order to assist with any potential on street parking changes in Station Road.

Please note that the scope of this parking consultation is regarding on street parking only and does not cover car parks or moving traffic issues such as speeding or roundabouts.

### **Double Yellow Lines**

Double yellow lines can only be used in areas where you want to prevent all parking; they are best used near junctions or busy main roads. Double yellow lines apply 24 hours a day seven days a week. They apply equally to non-residents, residents and visitors. No signs are needed.

### **Single Yellow Lines**

Single yellow lines can be used in areas where you want to prevent parking for part of the day. Single yellow lines apply equally to non-residents, residents and visitors. Signs are required near the start and end of each line. Signs are also required for every lamp column. And where no lamp columns are available a post and sign must be erected every 60 metres

Please note Disabled Badge Holders do have a concession to park on a yellow line (without a loading restriction) for up to 3 hours when displaying a valid Disabled Badge and clock.

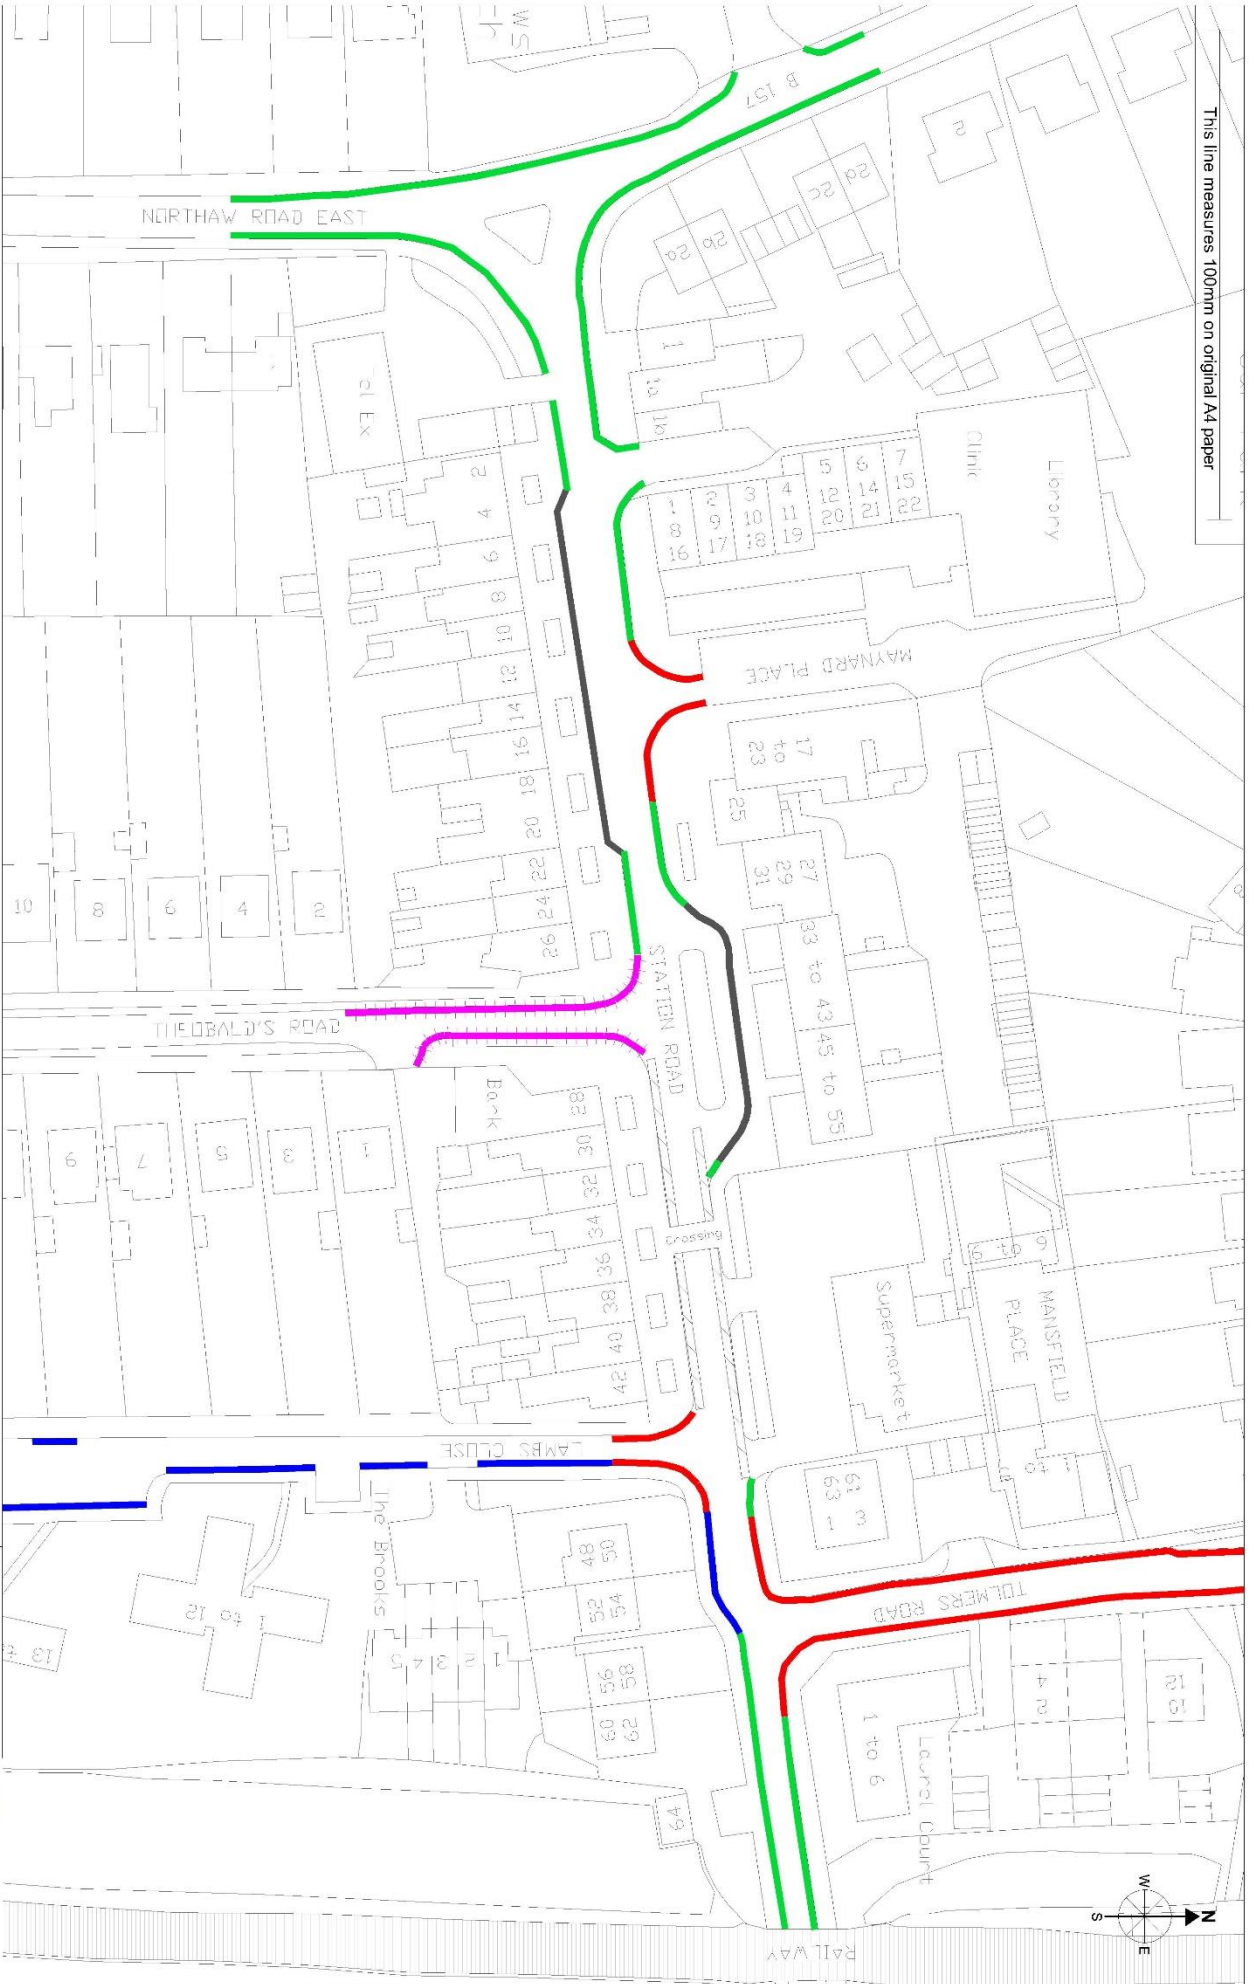

Please complete the attached form and return it in the envelope provided by **Friday 3<sup>rd</sup> November 2017**.

Parking Services will keep you informed by letter at each stage of the consultation process.

Sent on behalf of

**Parking Services**  
Welwyn Hatfield Borough Council

This line measures 100mm on original A4 paper
