

The Urban Open Land (UOL) master sheet provides a chronological record for each individual UOL that the Council has surveyed, designated or proposed for designation. The record for each UOL should be read from left to right. Where no amendments have been made to the UOL versus the previous column in the table, then “no change” is stated. Where changes have been made to the UOL name, its boundary or it has been deleted then a brief explanation has been provided.
