Subject: Polling Station Review

Good Afternoon,

The polling station for my area is the King George V Pavilion. It is a good polling station that is easy to access and has ample parking. We tend to vote early in the morning and have near had any difficulty here. I hope the pavilion will continue to be used.

I would like to add that I think using Survey Monkey to gather peoples opinions and posting on Facebook would be a quicker way to get feedback. I know not many people would bother reading the article on posted on Facebook, and then email a response.

Kind regards
